E. T. M'BIRNEY ORGANIZES W. S. CLUBS

Large Number Of Students Enroll In City Schools—Richmond Runs Ahead Of Winchester

Hon. E. T. M'Birney, State Supervisor, who is touring this part of the State in the interest of organization of War Savings Stamps Societies, did splendid work in Richmond the past week. He visited the schools of the city and formed societies, which promise to do a good work in boosting the sale of stamps in this county.

At Caldwell High School 311 students enroll as members of the society. The Model School organized their society with a membership which will do good work in the county as well as in Richmond. Mr. M'Birney, called at the colored high school and a society with 88 members started a lively campaign among their people. This is a splendid work which is now in its infancy, and the progress of the societies will be watched with interest.

Judge John C. Chenault, who has done good work as Chairman of W. S. S. in Madison, will oversee the work, and with his leadership, the sale of stamps will be increased to a great extent.

Mr. M'Birney, in talking with a representative of the Daily Register, stated that the people all over the country have been taking advantage of investing and saving their money in this manner. He says that ten million dollars monthly is now being invested in stamps, and Postmaster W. C. Stockton disposed of \$2,000 worth of stamps the past month, while the sales at Winchester for the month only totaled \$174.00.

Mr. M'Birney, went from here to Berea, where a society will be organized at that place. He is a man who is doing a great work for Uncle Sam, and made many friends while in Richmond.

HUNS ISSUE PROCLAMATION

(By Associated Press)
Berlin, May 10—Germany's reply to the peace terms will be a proposal "for a peace of right on the basis of a lasting peace of nations," according to a proclamation to the German people issued here Friday by President Ebert. The proclamation says the treaty would "deliver German labor to foreign capitalism for indignity of wage slavery and permanently fetter the young German republic." The proclamation closes with an appeal to the German people to stand together and preserve the government.

WILSON TO ADDRESS CONGRESS ON RETURN

(By Associated Press)
Washington, May 10—Reports from Paris that President Wilson had named the committee himself to the proposal of the settlement of the Fiume dispute by giving that port to Italy after 1923, were said in dispatches to the White House today to be "absolute fiction." It appeared from dispatches that the President has not deviated in the slightest from his original stand in opposition to Italy's claims to this Adriatic port.

ALLIES PREPARING FOR HUN REPLY

(By Associated Press)
Paris, May 10—It is understood that among the subjects discussed by the Council of Four at their meeting today was the eventuality of Germany's refusing to sign the peace treaty, and what steps would be taken in that event. It is said there was no intimation of Germany intending to take such a course, but if it did, the allies were prepared for it.

RICHMOND HOTEL TAKEN DOWN

The Richmond Hotel property, which was put up at public sale, Saturday morning, was taken down at \$13,500. The sale was well attended and Wright Hamilton and Mack Hamilton were the contending bidders. It is understood that the owners set the price at \$25,000. This hotel has been run successfully for several years by Col. Alex. Mellinger, and his many friends hope he will continue the business.

DEMobilIZATION MARK PASSES TWO MILLION
(By Associated Press)
Washington, May 10—Demobilization in the army has passed the two million mark General March announced today. Troops returned from France now exceeds one million.

HEARD ABOUT TOWN

Mrs. A. E. Carse, came over from Lexington Friday to be in attendance at the sale of her real estate, known as the Richmond hotel.

Dr. H. G. Sandlin, is confined to his home this week, a sufferer with rheumatism.

Contractor Ed. Blanton, lost no time in clearing away the old McCreary property, upon which site the Richmond Motor Company, will erect a large garage.

Mayor L. P. Evans has purchased the George White property on Lancaster avenue, and will remodel the structure at an early date. This will add greatly to the appearance of this residential section.

Professor Ivan E. McDougale and wife will spend the summer months with his parents, on the Summit.

Contractor Jess Bowman, has finished a beautiful home on Broadway. Keep the good work going—there's a steady demand for houses in Richmond.

Sunday is Mother's Day, and special programs have been arranged for all services in the Churches of Richmond. Remember your best friend, and pay her homage on that day, by attending church.

Property owners on West Main street, have subscribed sufficient funds to place oil on the streets in that section.

Rev. J. J. Clifton has been called as rector of the Episcopal church and assisted Rev. Snead in the services last Sunday morning. The members were delighted with him, as well as other worshippers, and he is a man who will strengthen the ministerial forces in Richmond. Mrs. Paul Burman sang a beautiful solo at the morning service, and special music was given by the choir. Mrs. S. J. McGaughey presided at the organ.

Lieut. Governor James D. Black was in Richmond Friday shaking hands with his many admirers and friends.

Members of the choir of the First Presbyterian Church are urged to be present tonight in the Sabbath School room at 7:30.

A painting of the beautiful Kilarney river, is being exhibited in McKee's window this week. It is the work of one of Richmond's young artists, Miss Katie Russell, who shows talent, and is drawing the attention of the lovers of art.

LOCAL METHODIST SIGNALLY HONORED

At the Danville district conference of the Methodist church this week at Stanford, Mr. Walter Q. Park of the Richmond church, was signally honored by being elected a delegate from the district at large to the Kentucky annual conference which convenes later. The Danville district is the largest in the conference and includes the Richmond church.

Mr. Park was recently appointed First Captain in the great Centenary drive which takes place in a few days by Prof. G. D. Smith, lay leader of the church and head of the Centenary drive here. On last Sunday during the morning service, as one of the local ministers, Mr. Park delivered what is said to have been the most forceful and appealing address in behalf of Methodism and the Centenary, which has ever been heard in the Methodist church, and much good seems already to have resulted from the earnest appeal.

ENJOYING THE SOUTHERN CLIME.
His many friends in Richmond will be pleased to know that Mr. John Marrs, formerly connected with the Glyndon in holding a position with Central hotel, Florence, S. C. It will be remembered that this is the home town of Jake Burger, who made a reputation at the tobacco warehouse in Richmond the past season. Several Richmondites have accepted positions in South Carolina in the past few months, and every one of them are making good.

SELLING STOCK IN RICHMOND

DERBY IS RUN TODAY

Louisville, Ky., May 10—The pick of American three-year-old race horses faced the barrier in the forty-fifth renewal of the Kentucky Derby at Churchill Downs here this afternoon in an attempt to negotiate the Derby distance of a mile and a quarter for a purse in excess of \$20,000.

A multitude of spectators from many sections of the country filled the grand stand, overflowing into the infield on the opposite side of the track and surged into the betting shed where batteries of pari-mutuel machines almost a half block long clicked off wagers totaling thousands of dollars. One section of the battery was devoted exclusively to bets of \$25; another recorded nothing but \$10 wagers; a third added \$5 bets; a fourth showed combination on wagers to win, place and show, and the remainder mechanically showed the confidence of the public which was willing to wager \$2 on its judgement. Speculators gathered around the machines records \$25 wagers to glean from totals what the "plunger" thought of the chances of their favorites. When the warning bell was sounded five minutes before post time the bulk of the public's money had been placed and the result rested on the stamina of the thoroughbreds, the skill of the jockeys, and the fortunes of a ruthless struggle.

The name of Eternal and Billy Kelley were on the lips of many speculators. Sir Barton, with a ten-pound weight allowance, seemed up in another quarter. Vindex came in for a share of favorable comment. Duboyne was said to have all the points of "stayer." Regalo was not without a following. Those looking for possible "long shots" also discussed the chances of more than fifty others, including Be Frank, Toto and Under Fire.

It was believed not more than six seconds through the wire would go the post. With that number lined up before the starter, the Derby, carrying \$20,000 in added money, would be worth approximately \$25,000. In something more than \$22,000 going to owner of the horse which noses out his field at the wire.

MEXICO TO ESTABLISH DRY ZONE ON BORDER

(By Associated Press)
Laredo, Texas, May 10—A bill to create a ten-mile dry zone along the international border will be introduced in the Mexican Congress, according to officials at Nuevo Laredo. The proposed law would become effective a month before the United States goes dry. The zone would extend from the Pacific Coast to the mouth of the Rio Grande. It would deprive the revenue losses to Mexican border merchants incurred by the law, another bill will be introduced for a ten-mile free zone having the same effect as the United States dry law imports to the dry territory free of duty.

BOLSHEVIK IDEAS BLAMED FOR STRIKE

(Correspondence Associated Press)
Barcelona, Spain, April 2—German propaganda and the spread of Bolshevism among the working men are, in part, blamed for the general strike which took place here last week. It is generally believed that the Germans have all along been working to create trouble among the Spanish laboring men. Their machinations during the war were exposed by the Madrid daily El Sol, which showed how the German embassy was implicated in provoking labor troubles both in Barcelona and Madrid. It was reported two weeks ago that a wireless message had been intercepted asking that further funds be sent here for propaganda work.

The wealth which was brought to this manufacturing district of Spain was not shared by the working people. While the cost of living steadily increased, wages remained unaltered or insufficiently increased. Bolshevism ideas began to spread and were judiciously fostered by unidentified persons who provided funds and organization. All workers including clerks in offices were forced by threats to join the labor syndicates. Those who refused were warned by anonymous letters and if they disregarded these warnings, were murdered by masked men. The police failed to discover the authors of these crimes.

The strike began among the employees of the light and power company and the city was left without street cars or electric light. The government mobilized the strikers but the tramway conductors refused to take the cars out under military orders and were arrested and taken to the fortress at Montjuich.

Finally the Madrid government obliged the light and power company to concede the demands of the men but the army authorities refused the demand of the union that the imprisoned conductors be liberated.

The general strike ensued and the city was left without light, power or transport. There is good authority for stating that the strike leaders planned a general pillage of the city as serious as that which took place in 1909. Martial law was proclaimed and the military authorities stationed machine guns in the leading thoroughfares while special constables maintained order in the side streets. The soldiers supplied electric light and water but no street cars were operated. No Barcelona papers were printed for several days and the Madrid papers received here were torn from the hands of the vendors. Eventually the authorities gained the upper hand and normal conditions were resumed. The censorship made it impossible to wire any details.
